

Pacific Northwest VHF Society

focusing on weak-signal VHF, UHF and Microwave activity in
Washington, Oregon, Idaho and British Columbia

The Pacific Northwest VHF Society focuses on the unique aspects of weak-signal VHF, UHF and Microwave activity in this region. We invite you to be a part of it. **Join for just \$10.** Please check out our web page at <http://www.pnwhfs.org> for more information.

Be part of an organization that will...

- ◆ Encourage weak-signal VHF, UHF and Microwave activity in the region
- ◆ Bring together US and Canadian weak-signal VHF, UHF and Microwave enthusiasts in the region
- ◆ Provide information and encouragement for newcomers to VHF, UHF and Microwave activity
- ◆ Provide a regional “voice” for all Pacific Northwest VHF, UHF and Microwave operators
- ◆ Provide an “official” Web page with regional information and links
- ◆ Publish a quarterly on-line newsletter showcasing regional activity and operators
- ◆ Sponsor annual technical conferences.
- ◆ Sponsor regional operating events, social gatherings, etc.
- ◆ Sponsor an awards program recognizing the accomplishments of Pacific Northwest operators
- ◆ Provide opportunities for “club competition” in the January and September VHF contests
