

Pacific Northwest VHF Society

focusing on weak-signal VHF, UHF and Microwave activity in

Washington, Oregon, Idaho and British Columbia

The Pacific Northwest VHF Society focuses on the unique aspects of weak-signal VHF, UHF and Microwave activity in this region. We invite you to be a part of it. **Join for just \$20.**

Please see our web page at www.pnvwvhfs.org for more information.

Be part of an organization that will...

- Encourage weak-signal VHF, UHF and Microwave activity in the region
- Bring together US and Canadian weak-signal VHF, UHF and Microwave enthusiasts
- Provide information for newcomers to VHF, UHF and Microwave activity
- Provide a regional "voice" for all Pacific Northwest VHF, UHF and Microwave operators
- Provide an "official" Web page with regional information and links
- Support an email reflector for online discussions and announcements
- Sponsor annual technical conferences
- Sponsor regional operating events, social gatherings, etc
- Sponsor an awards program recognizing the accomplishments of PNW operators
- Provide opportunities for club competition in the major annual VHF contests
